Exec. Dir. -----Bill Barringer-----235-3490  
Cert. Chair--Carlos Giron-----238-5419  
Flatwork -----Carlos Giron-----238-5419**

**The Certification program is running along quite well. Carlos has two Field Tech classes coming up in August and September. There will be a Lab Tech Level 1 in September Check it out on the Chapter website.**

**Our Annual Golf Outing was May 11 at the Sandia Golf Club. There were only 4 teams this year. Seems that everyone was busy or forgot! First place was Wilson & Co., Duke City Redi Mix came in 2<sup>nd</sup> and the team from Michele Ready Mix from Gallup took last place. LeaAnn did a great job getting the Outing going. LeaAnn will also run the May 2019 Outing. The Outing will be at Sandia on May 10. This past year the local Chapter qualified for Outstanding Chapter.**

**We were only 4 points short of the needed points to again achieve Excellent. The Chapter will review last years performance and strive for Excellent to get back where we belong.**

**Currently, we have a Student Chapter at NMSU. They are a few miles away however, we need to be proactive in their operations. Anyone interested in being the Chapter representative to the students should contact a Board member of the NMACI Chapter. Contact Joe Barela who is currently in contact with the Chapter.**

**Our next luncheon will be September 26, 2018.**
